DETAILED ACTION

Remarks

This Office Action fully acknowledges Applicant's remarks filed on August 9th, 2007. Claims 1-3, 6, and 8-19 are pending. Claims 4, 5, and 7 have been cancelled.

Claim Rejections - 35 USC § 112

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-3, 6, and 8-19 are rejected under 35 U.S.C. 112, second paragraph, as being incomplete for omitting essential elements, such omission amounting to a gap between the elements. See MPEP § 2172.01. The omitted elements are: elements that would provide for a flow injection electrochemical detecting device. The claims, as presently recited, do not have any elements that would provide for flow injection electrochemical detection. Applicant has not claimed any sort of detection means, electrodes, flow injection elements, or other elements that would provide for such a device, as purported by the preamble of the claims. The claims as currently recited are directed to a particular housing. If Applicant wishes to have a patent on such a housing, the preamble should coincide as such. If Applicant intends to have patentable weight to a flow injection electrochemical detecting device, than the claims must present the necessary structural elements.

Conclusion

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the date of this final action.
